

Invest in West Virginia Oil Stock

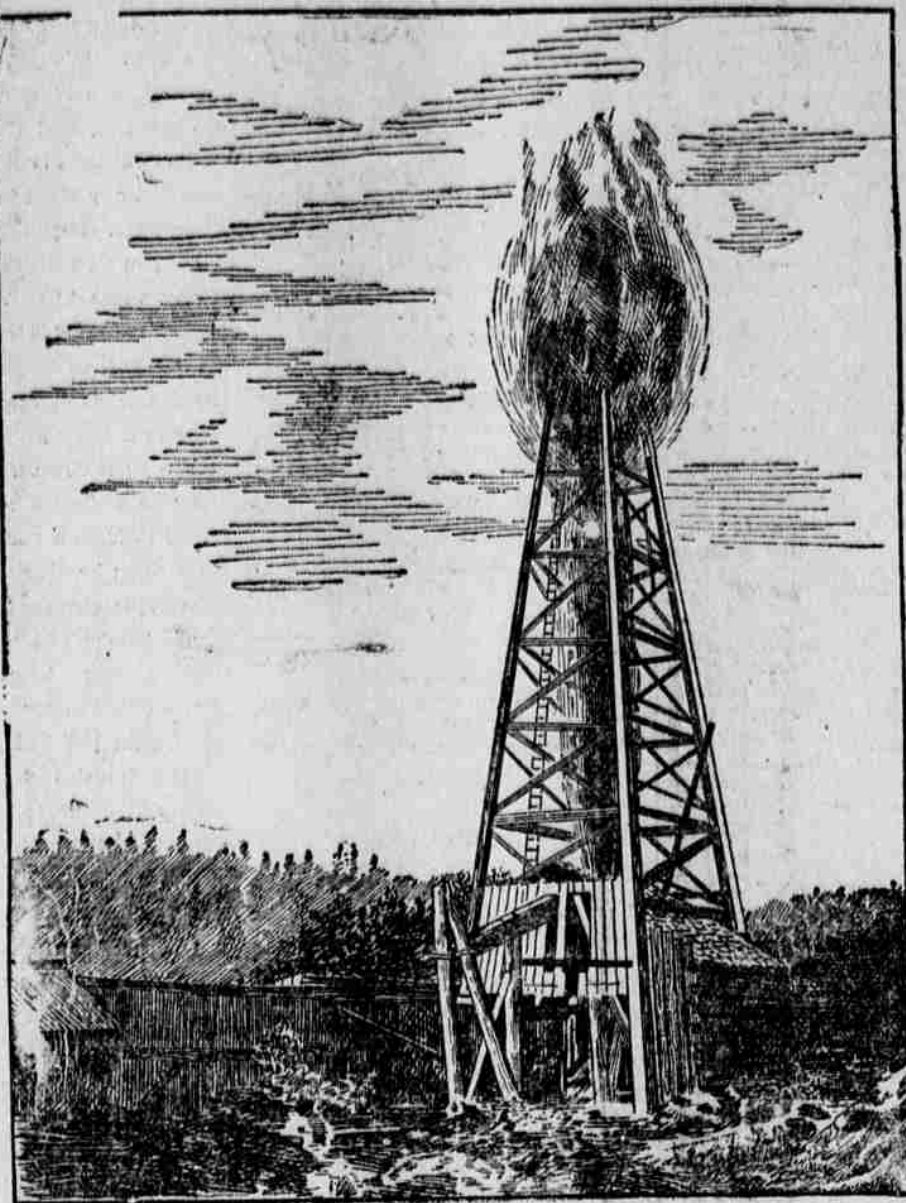

The Sand Fork Oil & Gas Company, with an authorized capital of \$1,000,000, incorporated under the laws of West Virginia, was organized especially for the purpose and intent of drilling or boring for oil and gas in the Sand Fork oil fields of Lewis County, West Virginia. The organizers or promoters of this company secured valuable oil and gas leases on 1,900 acres of land favorably located, and having sold and transferred the leases to the company, and being the owners of \$500,000 of the capital stock of said company full paid and non-assessable, take this method of raising the necessary capital to drill wells and develop the property. They offer the \$500,000 of capital stock at 5 cents on the dollar. All stock will be full paid and non-assessable. Shares are \$10.00 each, par value, therefore one share will sell for 50 cents, which will fully pay for the stock and will be non-assessable. This stock will not be sold in lots of less than twenty shares which will require \$10.00, but will be sold in lots of twenty shares or more as may be desired.

Every dollar derived from the sale of this stock will be used in the development of the company's property. There is not a member of the company from the President down that will make one penny other than by the advancement of the value of the stock, and every stockholder will be on the same footing in this respect. There is no preferred stock; it must all advance alike.

Those who wish to take immediate advantage of this offer and are unable to call at my office can advise me by mail or telephone and forward checks, P. O. order, express order or N. Y. draft for the amount to cover the purchase of stock desired. Certificates of stock will be issued and forwarded to address.

\$10.00 buys 20 shares par value \$200.00
25.00 buys 50 shares par value 500.00
50.00 buys 100 shares par value 1000.00
100.00 buys 200 shares par value 2000.00

Anson H. Russell, Sec'y,

AKRON, OHIO.

The great Copley oil well on Sand Fork Creek, Lewis county, West Va., when first drilled in on September 22, 1900, flowing 7,000 barrels per day. The Sand Fork Oil & Gas Co. have 1900 acres around this big well, and will drill several wells at once.

To My Akron Friends:

On Saturday evening, September 22, one of the greatest oil wells ever drilled was drilled into the sand down on Sand Fork Creek in Lewis county, West Virginia. The well started off flowing 7,000 barrels per day, and is still flowing 2,500 barrels each day. The well has produced over 200,000 barrels in 30 days. Within 36 hours after the well began flowing I was on the ground securing leases. I secured 2,000 acres of choice property, which is now very valuable.

I have formed a company under the laws of West Virginia with an authorized capital of \$1,000,000 for the purpose of drilling and developing the property. Five hundred thousand dollars of the stock is offered at five cents on the dollar. All of the money derived from the sale of this stock will be used in developing the property. I take this method of offering my Akron friends an opportunity to invest some money in a proposition that I believe will give them handsome results.

I believe this to be one of the greatest opportunities to make a great deal of money from a small investment in oil property since the days of Pit Hole and Oil City. Many who invested a few dollars then are millionaires today. I wish to give my Akron friends a chance to get in on the ground floor. I feel confident that the company will prove a financial success; that the stock will advance far above par. The territory is well located and if I did not think that it was a No. 1, I would not offer the stock to my Akron friends. I have shown my faith in the property by refusing a large cash offer for the leases soon after securing them, besides I have devoted considerable time and expense and will devote considerable more—with no other remuneration other than I would feel sure to make from the advance of the stock. I believe the development of the property will prove to be one of the most valuable oil properties in the country. An early application will be necessary to secure any part of the shares offered, as they will be taken quickly. Over \$100,000 of the \$500,000 stock offered has already been applied for at Wheeling, W. Va., without any solicitation whatever. The applicants only knew of the property and the formation of the company. I recommend this as an investment that will prove highly satisfactory to all purchasers of this stock.

The features of Saturday afternoon's football game between the Kirkwood and S. E. A. C. teams, were fumbles and off-side plays. In this regard the teams were evenly matched and both suffered alike.

Kirkwood won the game partly by superior playing and partly by luck. Two touchdowns were made. The first came from straight foot ball and the other was due to a fluke. Firestone kicked both goals and the final score was, Kirkwood, 12; S. E. A. C., 0.

Captain Carter of the "Kirks" won the toss and took the ball. Capt. Waters chose the west goal. Carter kicked 30 yards and South End's captain caught the ball. A series of center backs drove S. E. A. C. down the field. After 9 minutes of play Price went over for a touchdown.

Watters kicked to Washer and Buck came back 10 yards. Camp got the ball on a fumble and sprinted 60 yards for the goal line.

In the second half S. E. A. C. took a brace. Watters got into the game in his old U. of P. style and it looked as if South End would score.

The game was free from slugging and no accidents occurred. In the absence of Lake and Smith, Price and Washer played with Kirkwood.

Line up:
Kirkwood, S. E. A. C.
Camp left end Falor
Miller left tackle Kellogg
Snetts left guard Wiese
Campbell center Lant

WILLIAMS' PILL

A SURE RELIEF TO WOMAN for all troubles peculiar to her sex. Send for and from our Agent. \$1.00 per box. WILLIAMS' PILL CO., PROPS., CLEVELAND, OHIO. WILLIAMS' ARNICA AND WITCH HAZEL SALVE. SURE CURE for OLD IN THE HEAD CATARRH. For sale by J. C. Day & Co., No. 135 South Broadway St.

Carter right half Edwards
Firestone full back Watters

Touchdowns—Price and Camp. Goals kicked—Firestone 2. Referee and umpire—Whitell and Werner. Linesmen—Blanchard and Pink. Timekeepers—Baird and Nicholas.

COMING GAMES.

The Planets and the Barborton Y. M. C. A. team will play at Summit lake park Saturday afternoon.

The S. E. A. C. goes to Wooster next Saturday to meet the town team of that place.

OUTCLASSED.

The Planet A. C. team went down to defeat before the Indians at Summit lake park Saturday, with a score of 21 to 0. The Planets were clearly outclassed and the game was a one-sided affair.

EVENLY MATCHED.

The Barbortons and East Akrons met in a fiercely contested game at Barborton Saturday, and although it was thought that this game would settle a question of superiority between the two eleven, the game was so evenly fought and the contestants were so evenly matched in weight, that it will require more playing to fully decide the question. Barborton won in the second half by a touchdown made by Howard, who also kicked goal. Score 6 to 0.

The line-up follows:
Y. M. C. A.—Keller c; W. Koonce and Sohner l g; St. John r t; Marvin r g; Roberts l t; Snyder l e; Stull f; Howard r b; Boerstler l b; J. Koonce r e; Weller (capt.) q.

East Akron—Young r e; Phillips l t; Burnell r t; Platt l g; Rice c; Ring r g; F. Krobmer l e; Behmer (capt.) q; Brumbaugh r; McBurney r b; Breckenridge l b.

Referees—George Brown of Akron, and H. Jones, Barborton. Timekeepers—Al Stanley and Frank Potts. Linesmen—Emmond White and R. Trumpour.

POULTRY FANCIERS.

There will be a meeting of the Akron Poultry and Pet Stock Association in the library of the I. O. O. F. Temple, Tuesday evening, at 7:30 o'clock.

MAY BE CANCELLED.

Gus Ruhlin is going to take up acting

DEMOCRATS,

Vote early tomorrow. If you wait till after noon you may lose your vote.

until the game is allowed to flourish in this State again. The "Akron Giant" declares that his proposed contest with Peter Maher in San Francisco may not come off. Billy Madden is trying to get Jim Jeffries to meet Ruhlin instead and expects to succeed. —New York Sun.

CHALLENGE.

Patsie's Indians of Spicetown would like a game of foot ball with the Howe school, Saturday, Nov. 10. They challenge any team under 17 years of age. Answer through this paper or write to J. O'Donnell, Fountain st., city.

TIGERS 22—STARS 0.

The contest between the North End Tigers and the North End Stars started in like a farce and ended in a scientific game. It was played on the Akron Gun club grounds. The first touchdown was made by Sisler after two minutes play. He made another touchdown in the second half. Other touchdowns were made by Putt and Morgan. Winfield Sheehan, played a fine game for the Stars. He carried the ball dangerously close to the Tigers goal line but lost it in attempting a goal from the field. Brilliant tackling by Sullivan, Cardarelli and Fleming called forth much applause.

HERRON PLAYED.

Herron played quarter back in the O. S. U.-West Virginia game Saturday. He made a favorable impression.

Democrats, vote early tomorrow. If you wait till after noon you may lose your vote.

HANNA'S PROSPERITY.

Not the Kind of Prosperity That the Farmers Desire.

With a view of showing the "prosperity" of the farmer at present, as compared with recent past periods, the following figures are taken from the United States government reports. They cover three periods; the first from 1880 to 1889, inclusive; the second from 1890 to 1899, inclusive; and the third from 1897 to 1899, inclusive. Lastly, the year 1899 is taken separately. Here are the figures for some of the leading products:

WHEAT.

Average price per bushel, 1886 to 1879, \$1.05.
Average annual product 449,695,358 bushels.
Average value, 1880 to 1889, \$371,800,604.
Average value per bushel 82.4 cents.
Average annual product, 1890 to 1899, 468,802,490 bushels.
Average value, 1890 to 1899, \$308,261,887.
Average value per bushel 65.8 cents.
Average annual product, 1897 to 1899, 554,200,539 bushels.
Average annual value, 1897 to 1899, \$360,287,900.
Average value per bushel 65.2 cents.
Total product, 1899, 547,303,846.
Total value, 1899, \$319,545,259.
Average value per bushel 58.4 cents.

CORN.

Average annual value, 1886 to 1889, 44 cents.
Average annual product, 1880 to 1889, 1,708,443,053 bushels.
Average value for same period \$668,842,369.
Average value per bushel 40.6 cents.
Average annual production, 1890 to 1899, 1,777,981,133 bushels.
Average value same period \$630,764,764.
Average value per bushel 37 cents.
Average annual production, 1897 to 1899, 1,998,432,175 bushels.
Average value same period \$560,769,830.
Average value per bushel 28.4 cents.
Total product, 1899, 2,075,143,933 bushels.
Total value, 1899, \$629,210,110.
Value per bushel 30.3 cents.

OATS.

Average annual value per bushel, 1886 to 1879, 35.5 cents.
Average annual product, 1880 to 1899, 584,865,838 bushels.
Average value same period \$180,866,411.
Value per bushel 32 cents.
Average annual product, 1890 to 1899, 580,866,411 bushels.
Average annual value \$194,592,974.
Average value per bushel 33.4 cents.
Average annual product, 1890 to 1899, 741,950,721 bushels.
Average value same period \$177,516,019.
Value per bushel 23.9 cents.
Total product, 1899, 706,177,713 bushels.
Total value, 1899, \$198,167,975.
Value per bushel 28.2 cents.

All the other crops, as to values, for the same period, show a similar decline.

Wheat has fallen from 65.8 cents in 1886 to 58.4 cents in 1899, or a little more than half what it was from 1886 to 1879.

Corn has fallen from 37 cents in 1886

to 30.3 cents in 1899, while it was 44 cents from 1886 to 1879.

Corn has fallen from 37 cents in 1886 to 30.3 cents in 1899, while it was 44 cents from 1886 to 1879.

Oats have fallen from 29.4 in 1886 to 23.9 cents in 1899 and sold for 35.5 from 1886 to 1879.

The decline is still going on under McKinley's administration in almost every farm product.

At the same time, as every farmer knows, the trusts have added from 50 to 150 per cent to the cost of nails, fencing, wire, hardware of all kinds, lumber, cloth, sugar and the like, which he is compelled to purchase.

The re-election of McKinley means the continuance of the trusts and their extortions.

The election of Bryan means an end to the trusts, and a restoration of commercial conditions, which will give farmers and all others a fair chance in the race of life. The question is up to you and you will decide it on Tuesday next.

A FUNNY SITUATION.

Mark Hanna told Senator Foraker to take the people of Youngstown into his confidence, (Mark is great on confidence games) and Senator Foraker did so, and congratulated the workingmen present on a full dinner pail and plenty of employment.

"But we are idle," said a workingman.

Foraker: "I understand that one of your mills is idle."

"They are all idle but one, and scabs are working in that," said the workingman.

"But they will all start up in a short time under McKinley and his prosperity," insisted Mr. Foraker.

"Not until we stand another cut in our wages," came in a regular chorus.

Then Senator Foraker came to the conclusion that the dinner pail, like the question of imperialism, wasn't much of a subject to discuss anyhow.

But it is safe to predict that Senator Foraker will not let Hanna act as prompter the next time.

ON WHICH SIDE?

The greatest of the issues now before the American people is: "Shall the republic continue or shall the empire be established?"

Bryan stands for the republic; McKinley for the empire.

You are on one side or the other. Which is it?

If you are for the republic, don't be ashamed to say so, and vote for Bryan.

If you are for the empire, don't be ashamed to say so, and vote for McKinley.

THAT PRINCE'S PAIR.

Senator Hanna said that he only attended the Youngstown meetings to take Chauncey M. Depew there.

How grand and inspiring! Gog leading Magog. Boodle escorting Trust. Dives chaperoned by the Taskmaster. And all this spectacle was staged that two or three multi-millionaires might convince 6,000 unemployed iron workers of Youngstown that they ought to fall down and worship McKinley and the trusts for filling their dinner pail—occasionally.

Do they regard American workingmen as mere imbeciles?

Central Cafe

If you want a First-Class Meal Or the best Foreign and Domestic Wines and Liquors. Fine Cigars of all kinds. Good Free Lunch served all day. M. AUGSTEN, Prop. E. DE MARSH, 132 S. Howard St.

A BEAUTIFUL COMPLEXION FREE

MME. A. RUPPERT'S WORLD-RENOWNED FACE BLEACH ALMOST WITHOUT COST NO MATTER HOW BLEMISHED THE SKIN, FACE BLEACH WILL MAKE IT PERFECT

Madame A. Ruppert says: "My Face Bleach is not a new, untried remedy, but has been used by the best people for years, and for dissolving and removing forever pimples, freckles, moths, patches, blackheads, eczema, tan, sunburn, the sallowness, roughness or redness of the skin, and for brightening and beautifying the complexion it has no equal."

It is absolutely harmless to the most delicate skin. The marvellous improvement after a few applications is most apparent, for the skin becomes as nature intended it should be, smooth, clear and white, free from every impurity and blemish. It cannot fail, for its action is such that it draws the impurities out of the skin, and does not cover them up, and is invisible during use. This is its only thorough and permanent way.

During this month, I will offer to all a trial bottle of my world-renowned Face Bleach, sufficient to show that it is all that I claim for it, and any reader of this can send me 10 cents in stamps or silver, and I will send the trial bottle, securely packed in plain wrapper, sealed, all charges prepaid.

My book "How to be Beautiful" will be mailed free to all who will write for it.

MADAME A. RUPPERT, 6 East 14th Street, New York

Time Ruppert's Gray Hair Restorative actually restores gray hair to its natural color, and is not a dye, and does not discolor the hair, and in many cases restores hair.

Mme. Ruppert's Depilatory removes superfluous hair in five minutes, without pain, will not injure the most delicate skin. Time Ruppert's Egyptian Balm for softening and leading the face and hands. Time Ruppert's Hair Tonic positively removes dandruff, all scalp diseases, stops falling hair, and in many cases restores hair.

Mme. Ruppert's Almond Oil Complexion Soap, made of pure almond oil and was Delightful for the complexion and warranted not to chap the most delicate skin. All of the above toilet preparations are always kept in stock and can be had from our local agent.

RISCH & McCOY, 124 S. Main st. Akron, O.
